

SELL YOUR TIRES TO PEOPLE WHO ACTUALLY CAME TO BUY TIRES.

No lowball DMs about random junk. No getting buried under couches and phone cases. On TireTrader, buyers search by size, vehicle, and location — so the people messaging you already know what they want.

WHY IT BEATS FACEBOOK & OFFERUP

- **FOUND, NOT BURIED.** Buyers filter by tire size, vehicle, and your part of Broward.
- **STRUCTURED LISTINGS.** Size, tread depth, and DOT year are built into every post — far fewer "is this still available?" messages.
- **MESSAGING BUILT IN.** Talk to buyers without handing out your personal number.
- **SCAM GUARDRAILS.** Off-platform-payment warnings are baked into every chat.
- **A REAL DASHBOARD.** Track views, conversations, and the value of your inventory.

THE FOUNDING SELLER DEAL — FIRST 25 SHOPS IN BROWARD

- **Free to list right now.** No card, no billing. The platform is in launch mode.
- **Lock your rate for life.** When paid plans switch on, the first 25 founding shops keep it at \$10/mo forever. Everyone after pays \$25.
- **A permanent Founding Seller badge** and priority placement across the site.
- **Featured on the homepage** while we launch in Broward.
- **We build your first listings for you.** Send photos, we do the rest.

LET'S GET YOU SET UP THIS WEEK.

Buyers pay you directly and inspect the tires in person. TireTrader is the marketplace and the trust layer — not an escrow service and never a middleman on your money.
